Discover the epitome of wellness in SHA Island at AlJurf. The first healthy living island on the planet crafted by the global leader in health and well-being.

A place where every aspect and every detail is designed for one purpose: to improve your health and help you reach your full potential.

WHAT IS OUR MAIN WEALTH?

Time?
Our loved ones?
Personal development?
Material goods?
The outdoors?

Different responses may come to mind, but only one can impact or enhance any one of them: **Our Health.**

SHA's ***raison-d'être*** is to help you stay in the best health so that you can enjoy life to the fullest.

OUR DREAM

To improve people's health from an integrative approach, helping them to achieve their fullest potential.

As a global leader in integrative medicine, we want to positively transform the lives of those who play a significant and multiplying role in society, thus making a positive impact on building a better world.

OUR VALUES

Excellence and **honesty** in everything we do, constant search for **evolution**, genuine **caring** and **happiness** are the values that define our identity, serving as the basis for each of our actions and behaviours.

THE SHA STORY

A STORY THAT TRANSFORMED HIS LIFE, AND THAT OF MANY OTHERS

SHA was born as a result of the personal experience of Mr Alfredo Bataller Parietti, who for thirty years suffered from digestive issues that conditioned his quality of life. Faced with a worrying diagnosis, he was fortunate enough to meet a doctor specialising in natural therapies and healthy eating (now a member of the SHA medical team), who found a solution to his illness.

Thanks to this recovery, Mr Alfredo Bataller decided to research natural therapies and healthy eating in order to share all this knowledge in a unique project that is today, SHA Wellness Clinic; a pioneering wellness clinic worldwide, where Eastern wisdom is integrated with the latest advances in Western medicine to improve people's health from an integrative point of view.

But his vision went even further, conceiving a plan for building an exclusive residential complex next to SHA, where you can enjoy all the health and wellness services offered by SHA Wellness Clinic in the privacy of your own residence.

THE SHA METHOD

The most integrative and cutting-edge method to transform your health and well-being in a simple and pleasant way

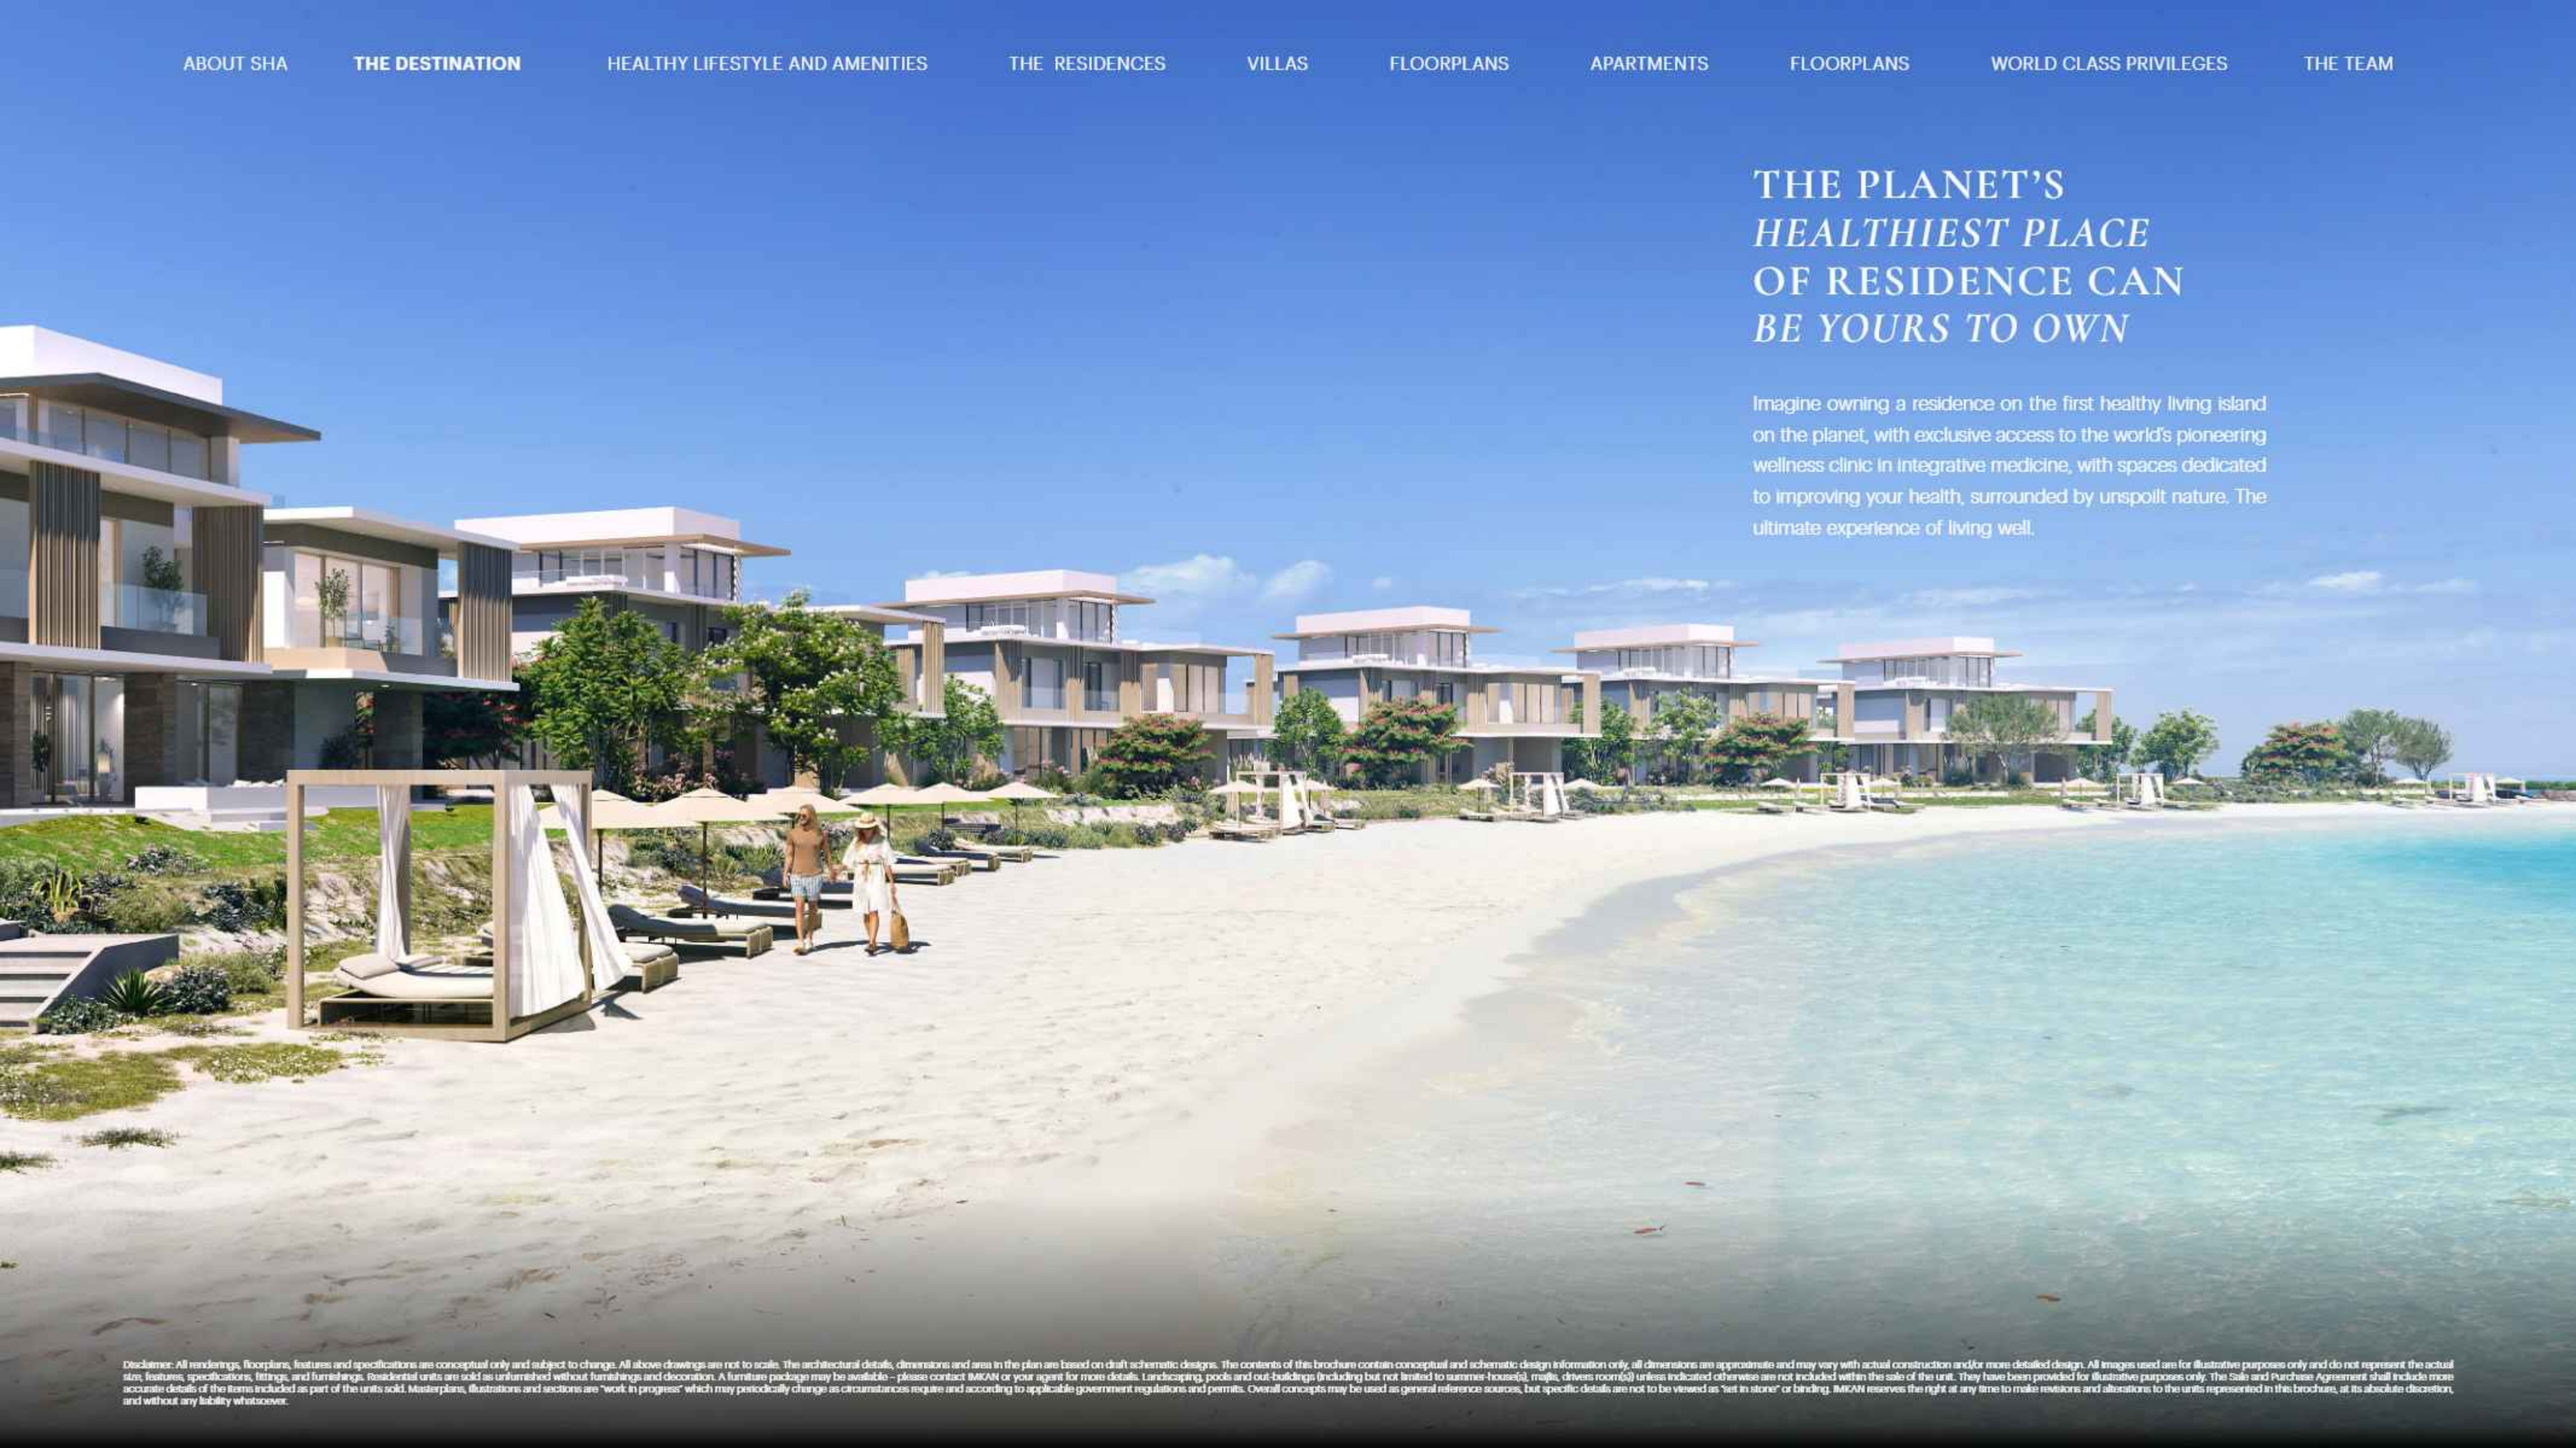

The SHA Method combines the latest advances in scientific medicine with the most effective and proven natural therapies. It has a special focus on healthy and balanced nutrition, an approach that significantly enhances the positive impact that these disciplines would have individually.

This method is designed to enhance overall well-being. It unlocks your innate physical and mental capabilities while strengthening your immune system and empowering your body's natural ability to regulate and heal itself.

Sustainable
BY DESIGN

The splendour of the encompassing wildlife and the pristine natural setting, both on land and along the coastline, emphasised the paramount importance of designing with a commitment to conserving and honouring the natural world and its precious resources. Within the residences, a range of passive design strategies, such as thoughtful orientation and the integration of wind and shading elements, play a pivotal role in minimising energy consumption.

Furthermore, the incorporation of energy-efficient appliances, intelligent monitoring and control systems, and solar-powered heating and electricity sources underscores our dedication to sustainability. Every facet of SHA residences has been meticulously crafted not only to mirror the beauty of nature but also to pay homage to it.
